WARNING TO THE PASTORS OF AMERICA AND WHAT MUST BE DONE
BY GARY MOONEY Dec. 5, 2020

Dear Paul and Joe:

In obedience, I must continue with every bit of strength I can muster, to warn and call for our pulpits to prepare for the horrific times coming. The vast majority of our churches are NOT READY for what is about to overwhelm our nation and the world. The Lord has prepared me, over a lifetime and called me to sound the alarm to prepare his people.

I seek no notoriety for myself, but just the opposite, I prefer to stay out of the limelight. Yet, I must reveal what the Holy Spirit has shown me. My only desire, given to me by God, is to be faithful to His will, not mine. As the time grows short, the warnings of God's remnant watchmen and women, grows more urgent with each passing day. Like me, the other watchmen are frustrated and saddened that no one is willing to listen. I can only surmise this blindness is because man's hearts have grown cold, haughty, and to prideful, to listen to the truth. Preferring to live in unrighteousness, God has sent a strong delusion, so that they only believe the lies!

God, in every generation, raises up a remnant as light bearers of the truth. Like John the Baptist, we are a voice crying in the wilderness of spiritual darkness, but this moment we live is different as humanity is facing the finale of the Age Old Battle that has been raging since that first sin in the Garden of Eden. God is moving his chess pieces in place to complete his plans to end the time of rebellion against Him, and to destroy the purveyors of evil overwhelming this world, with his Son's Second Coming.

Since prophecy fulfillment can not be stopped, this earth will be soon under the control of the One World Government being established by the Luciferian worshipping globalists. The time of the reign of the Anti-Christ is close. The disconcerting fact is that our churches and pulpits are failing to prepare their flocks to prepare to endure what is coming. Many now are clinging to the hope of the imminent Rapture of the Bride. Yet, they fail to consider that it will not come before there is much trials and tribulations to endure first, even before the real tribulations begins. America has only 4% of world's population. God, wishing that none should perish, will not send his Son for his Bride, just because Americans think they are special and should not experience any pain and suffering. [Note: Many Americans are already experiencing great economic misery, enduring a pandemic, and many will soon be homeless.]

Even if the Rapture were to occur tomorrow, most have not prepared themselves as a pure and spotless Bride, thus will be left behind to endure the tribulations. Almost every pulpit with the false teachers and prophets abounding on Christian TV and online, are still preaching a soothing "seeker friendly" message that God is Love, He is in control, just sit back and "Let God" take care of everything. These fables are only keeping the flocks in a stupor of passivity, and delusion. They fail to teach God is also just, which means he must, according to his eternal nature, send judgment upon the unrighteous. There are still those pulpits preaching God will never judge America, as we are an exceptional Christian nation, blessed by God. Yet, they completely ignore 9/11, the '08 economic collapse that is still ongoing and getting worse. Even this never to end pandemic and pestilences still to come, are ignored as judgment.

Now listen to the words of a well known watchman, Randy Conway, who is known for his poetic prophetic words.

Following is a short summary of Conway's latest poem posted on Steve Quayle's website www.stevequayle.com. In his poem he describes America as living in Laodicia which seems easy until reality slams us to the ground. Continuing, he says Babylon is being exposed and its rulers planned desires is to see our Republic die! He goes on to say, if you have not recognized it yet, we are in WWIII. The battle for our nation is already here, for our families, and for our very lives. Forced vaccines that will alter one's very DNA forever are coming. [This vaccine is part of the Luciferian agenda as a form of soft kill to fulfill their depopulation of the world.]

Conway thanks God for the remnant watchmen and women who have warned for so long, that the end of our way of life is now dangerously imminent. All the unfruitful works of darkness must be abandoned. (Eph. 5:11) [Now is the time and only mission by the church should be the fruit of good works, which is to save souls.] It will not be by might nor by power, but by His Spirit (Zec. 4:6) that the battle must be waged, as much suffering lies ahead in the months and years ahead. Christians MUST preach the gospel and pray for a revival. Conway ends quoting (Isa. 59:1), but just as important is verse 2. "But your iniquities have separated between you and your God, and your sins have hid his face from you, that He will not hear".

Christians and their pastors must see, understand, and be willing to see this is the condition of the American Churches. Despite all the evidence, most still believe they are being blessed by God and living without sin, failing to recognize we are all guilty of being accomplices to the soon coming fall of this nation. Even though I and many others have been warning that America is part of the end time Babylonian System which is soon to reign over the earth, led by the Anti-Christ. I will not rehash all the evidence here, but will suffice to say that I, like so many other watchmen have received dreams, visions, and words of knowledge that America IS Part of this Babylon described in Rev. 18 and Jeremiah chapters 50 and 51. This nation is described as the Hammer of the whole earth, which America has been. Yet, soon it will no longer be heard in the land, "What an exceptional nation we have become, and no harm shall come nigh unto us". For more detailed explanation, go to and read: The 60 Reasons America is Mystery Babylon [not Iraq] by Tim Hyde.

Despite the prevailing delusional reality most are living, America is not immune to famine, war/invasion, and pestilence. Recent headlines:

"The World Food Program says: 270 million People Now Marching Toward Starvation in 2021!

Gerald Celente, recognized Worldwide for his Trends Journal says: He sees ominous trend for the global economy.....**The Greatest Depression seems bigger than just politics...it seems to me it is SATANIC!**

[Note: Whether he realizes it or not, he is confirming what Scripture warns that our fight is not fleshly, but against principles, rulers, and evil in high places.]

As part of the full frontal attack on Christian beliefs, nations are getting ready to disclose existence of aliens. Even the Vatican is preparing to say aliens seeded earth with humans, not God. All part of the end time Great Deception. Go to and listen to video from Israeli News Live with proof from a highly credible former Israeli Space Agency scientist and his letter about the alien disclosure coming. What will not be disclosed or discerned is these “aliens” are inter-dimensional demons using fallen angel technology.

A watchwoman, called “godshealer7 end time prophecy” had a stroke and was suppose to have died. Yet, as she relates, God was not finished using her. She gets words from God and post them several times a week. Her latest video is titled, “Prophecy, A Dictator, A Tyrant Is In Your Midst, Prepare for Sudden Destruction.” Can be seen at:

<https://youtu.be/jYOt-Mv4dT8>

Another video she posted, confirms what so many watchmen/women have been warning about America is in scripture described as part of Mystery Babylon. This video is titled, “Woe,Woe,Woe To The Inhabitants of Babylon (USA) Repent Repent, Repent. <https://youtu.be/5-Q4yd4WDsc>

These warnings are being given by many other watchmen on the wall, to warn America to prepare for what is coming. This letter is to give a very small part of what is being revealed to God’s remnant. Yet, most are ignored, scorned, and dismissed as delusional, even being (like Jesus), told they are listening to devils, but it is just the opposite, as our churches are living in delusion. Jesus warned that the season of the end times, as related in Matt. 24:1-51, will be known for the great deceptions of the enemy.

The pulpits of America would do well, as Pastor Mario Murillo in his book, “Vessels of Fire and Glory”, to seek out God’s remnant and listen to them. *Murillo says, the greatest gift to a church is to be sent one of these “Child of God”.* The church in America is not prepared for the end times now upon us. God has been warning and warning through his watchmen/women, but they are ignored or worse their voices are silenced and many are forced to leave their churches. Scripture warns of this very time when God’s people would no longer tolerate sound doctrine, but heap unto themselves those speaking to their itching ears.

Do not think these preaching soothing words of comfort, are intentionally trying to misled their flocks, but are themselves misled and spiritually blind. The worse condition a Christian can let themselves fall into, is to believe they are right in everyone of their dogmas, beliefs, and convictions. As time is

progressing to the end of the ages, many continue to cling to outdated traditions and religious practices, even in worship. The Word of God is living and constantly revealing new revelations from God's heart, his plans, and thoughts. I can think of no worse condition than to refuse to listen to fresh revelation, even when given by those without theology or divinity degrees. Be aware, God does not need men with many degrees, to reveal Himself. Just the opposite, God usually uses the lowly, unknown, and dismissed to begin a new move of his Spirit. Why? The Lord is looking to and fro across the earth seeking men/women of humility without pride, like Moses whom the Bible calls the humblest of men. Moses knew his thoughts, desires, knowledge, education, and plans were not acceptable to God. No, the Lord looks for those with total surrender and acknowledgment that God is where all wisdom starts. He laughs at the wisdom of men, saying he will take them in their own craftiness. One of the greatest sins God hates is pride, because it makes a man glory in his wisdom, not God's.

In summary, as America is at the cusp of falling, God is seeking men and women willing to have complete faith and trust in him alone. Those willing to surrender themselves as a living sacrifice unto the Lord as his servant, separating themselves from this world of self deceit and love. The Lord wants those seeking him with their whole heart, mind, soul, and strength, seeking his will and not their own.

To all pastors, if your not preparing your flocks to endure hardships, by gathering up extra food to feed the hungry and warning against the coming vaccine, your failing your people. If your still preaching a message of everything will turn out fine and no need to concern yourself or worry about any needs, but rather just sit back and let God, your failing your flock. If your primary emphasis is not saving souls, then your failing God himself. The Lord is not nearly as concerned about whether people's temporal bodies die because of famine, disease, or war, but whether his concern is that their souls are saved at the time of their death. All those, even Christians fearing death do not truly know God and Jesus. A born again, spirit filled with the truth, should be at all times ready to die, without fear, because they know their where their ultimate, eternal home will be. The primary goal of Jesus' church from the beginning up to this very time, has always been the "Great Commission" to bring people to the saving knowledge of Jesus and his blood.

That vision has been lost in our modern American churches, as their doors are closing, people are leaving and not returning, and why? The reason is that with each passing day, religion in America is becoming irrelevant in their lives.

The power and the work of the Holy Spirit has been abandoned by most churches, even Pentecostal and Charismatic. Where are the signs and wonders after that first Pentecostal, that shook the very world? They have been drown out in traditions, false trust in man's words, wisdom and denominational dogmatism.

The question becomes how to return to that first Pentecost? Spiritual blindness has become so entrenched in our churches, that it is almost impossible to open eyes to see how the Lord sees his (Laodician Church) as naked, poor, and even dead in lukewarmness. It no longer produces the good fruit of TRULY saved souls. Our Lord literally becomes sick, wanting to vomit, seeing how his churches have become infiltrated by a perversion of accommodation to this world, unwilling to seek truth, nor humble themselves in deep moaning, groaning, repentance, and broken-hearts. **Instead, there should be a beseeching to God to send a revival led by the Holy Spirit to apply the Balm of Gilead, his eye salve, to open the blinded eyes.**

America is at the cusp of a double-portion of judgment because to whom much is given, much is required. As the most powerful, wealthy, and blessed nation in history, America abandoned its founding roots as "One Nation Under God" and dedicated to Him at its founding. America has been living off the labor and fruit of its founding fathers and ancestors for more than 60 years, but God's long-suffering patience has ended! Now, there is very little time remaining, not to save our nation for it no longer exist as it take its last dying breaths, but there is still time to save literal lives and souls.

Being as stark and blunt as possible, America IS going to be soon invaded after its economy collapses, the homeless flood the streets, and famine reigns across this land. The vultures of desolation and treason allowed to infiltrate this nation for the past 60+ years, are about to complete their globalists-Luciferian agenda, fulfilling prophecy. Another blunt reality, is that a think tank used by global leaders, post a yearly assessment of the worlds largest nations. **Concerning the U.S., it has been reporting that its GDP will drop by 90% and its population will drop by 227 million by 2025!**

This report can be seen at: www.deagelreport.com

America you have sown the wind, now you must accept and endure the whirlwind! Yet, for those who truly know their Lord and Saviour, having a close personal relationship, God has promised to protect them and save them, if not in life, then in death. (Psalm 91)

The only remaining mission of Jesus' true church and body of believers is to SAVE SOULS! If the church fails at this, there will be no excuse acceptable

to God on Judgment Day. To use the excuse, but Lord we healed the sick, cast out demons, and prophesied in your name, yet the Lord will say, I never knew you, depart from me into outer darkness. Many will say, but Lord if we only had known and been warned, we would have turned from our wicked ways and repented. The Lord will reply, but I sent you my watchmen to warn, but you scorned them. Who did you not “kill” with your ridicule and complete contempt driving them from amongst yourselves? Excuse not accepted, depart from me you workers of iniquity.

Finally the Lord in response to all those saying Lord, Lord- He will ask then show me the fruit of your good works. They reply, we fed the hungry, visited the sick, helped the widows and orphans. The Lord again responds, well and good, but show me the souls you saved! Alas, Lord we have none to testify for us for their salvation. Then the Lord roars in his anger, begone before my eyes, you have been useless servants in my pastures, letting the wolves in amongst my flock to rob, steal, plunder, and kill. Go ye unto eternal damnation!

In conclusion, Americans and especially its Christians and pulpits, must understand that our nation is under judgment! Why? Because we have turned from God and are far from his heart. We have become hearers of the word, but not doers. We have become content to keep one foot in the world of accommodation and one foot in heaven. God will not honor a double-minded servant. Our pulpit must begin to boldly teach the “meat” of the Gospel, about sin, repentance, being apathetic, complacent, and content to be weekend warriors warming the church pews. Those who call upon God, will not be heard if they are not acting in his will, living in unrepentant sin, refusing to go into the trenches to fight the real enemy. Refusing to be the salt of that give flavor to our culture and society, and fighting against the spiritual wickedness in high places, then God will not hear from heaven and answer our prayers.

Christians have been content for the past 60+ years to let the enemy infiltrate all areas of our nation. Now, the pulpits say we need to pray, but no call to turn from our wicked ways, seek God’s face, repenting of this nations sins, nor to beseech in moaning and groaning for God to forgive this nation. No longer will God suffer this nation to give him lip service, but without real commitment. Our Father in heaven has always expected his people to be active participants in enacting His plans.

Moses was required to obey God in complete faith and trust before God moved. Noah had to obey and build an Ark, before God saved the animals and mankind from extinction. God uses men willing to follow HIS WILL, not their own. The prayer Jesus taught us says, Our Father who art in heaven, hallowed be Thy name, THY WILL BE DONE ON EARTH AS IT IS IN HEAVEN.

The true earliest Christians were willing to endure great persecution and hardships to follow Jesus. America's Christians find it hard to go to church on Sunday, much less Wednesday nights. If something important confronts their Sunday day of worship, many are quick to put God in second place and pursue their own itinerary.

What must be answered is how to return to God's blessings and protection withdrawn after 9/11? It begins with [2 Chron. 7:14]. Then there must be a call for what Pastor Murillo calls, no alternative, but revival. In his new book, "Vessels of Fire and Glory", a must read, he has done an excellent job of outlining why, when, how, and what must be done to save America.

Another good example of what is needed is in the short video of clips from warnings by great pastors of God like Wilkerson, Daniels, Cymbala, Carter Conlon, and Ravenhill. It is titled, "Church! Time To Wake Up!"

<https://youtu.be/V8bfzu8Xuhw>

For a much more detail of what is needed, go to and read article titled, "Survival of America" at: www.revivalsurvival.net

Time is short and the moment to act is swiftly running out! If this nation does not have the Holy Spirit of Truth led Great Awakening and revival to open the blinded eyes, there will be no future for this nation nor its children that our parents knew and where many of us grew up.
